LIST OF SUBJECTS ON FILMSTRIP FOR USE OF  
NATIONAL 4-H CLUB CAMP DELEGATES ON THEIR RETURN FROM CAMP

Note to delegates: You will receive, at the end of Camp, a filmstrip which has been prepared for your use at meetings in reporting the activities of this Camp to your fellow club members and others interested in 4-H Club work.

It includes views of buildings and places you visited while here and may be used either as a filmstrip or cut and inserted in slide covers, to which you may add additional slides made by your group. It is suggested that you keep your reporting in mind as you visit the places illustrated and make actual, or mental, notes on such points as:

Why we visited this place - that is, what relation does it,  
or the activities it represents,  
have to the objectives of the Camp.

What we learned from our visit and discussions at this place  
which I would like my fellow 4-H  
Club members to know.

In this connection, you may find additional suggestions by referring to your "Announcement Twenty-Second National 4-H Club Camp" page 10 on "How to Make A Report Of Your Trip."

A list of the illustrations follows:
